

Needy People

The Hallmark of needy people is negative attention and needy people are the cancers of every team

Needy People Are:

Selfish
Destructive
Cancerous

Needy Behaviours In Sport Include:

Sulking
Whining
Complaining
Self-Importance
Late Paying Fees
Late for Practices
Things are too Hard
Reluctant to Commit
Just in time for Games
Want you chasing them
Reluctant to sub off field

A single behaviour done once will not indicate a needy person, though a cluster of behaviours or repeating pattern will

If one wants a team to win, no room for needy behaviour within
